Huntington Beach Union High School District

Julie Spring Alderfer & Lizza Morales

These friends achieved their career goals and found ways to pay it forward.

Longtime friends Lizza and Julie teamed up to complete the Medical Billing and Coding (MBC) Program in just 9 months. Their enthusiasm for our CTE program was contagious: several family members and friends are now following in their footsteps.

So how did these two friends end up in the MBC program together? It started with Lizza, actor by trade, in search of a new career path during the actors' strike. She came across the HBAS catalog and couldn't believe that a local school offered career training for "Free 99!" Meanwhile, Julie was looking for a fresh start after leaving a long-term job with Starbucks. Amazingly, they both finished the enrollment steps in time to start class the next Monday.

Lizza mapped out a course schedule for the duo to finish in under a year. Lizza and Julie raved about their CTE instructors, who created collaborative learning environments where students discussed real world scenarios. They were amazed at the resources offered by our Job Developer. "You would pay for these services out in the world, it's priceless."

Challenges Build Confidence

This fast-paced program wasn't easy. Lizza and Julie were learning new things in new classes every 8-10 weeks. But when the lows got low, they could always count on each other for support. "Everyone should have an accountability partner during the program."

Julie shared that she did not pass the initial math assessment, which meant she had to take a 5-week Math Refresher course. While some may feel bad about not passing a test, Julie looks back on the experience with gratitude. Finishing that first class—and getting a perfect score on her retake—really kick-started her confidence.

Julie credits her family for being supportive, especially during a grueling schedule of afternoon and evening classes. Julie shared, "We did homework together at the table. They saw Mom working hard at night, they saw Dad supporting Mom, making dinner and bringing me dinner during class." Her kids got to see firsthand what can happen when their mom puts her mind to something.

The Inspiration Feedback Loop

Lizza's mom inspired them to pursue this new career goal. Lizza explained, "She has successfully run a salon, raised me as a single mom, taken care of my Abuelita, and been a mentor to her staff." And after seeing Lizza go back to school, her mom started taking computer classes at HBAS!

Lizza has become a recruiter of sorts, with her mom, aunt, fellow actors and colleagues enrolling in our career training classes. She also found a creative way to reach out to future students. When turning in her textbook at the end of each class, Lizza left an encouraging Post-it note for the next student to find.

Walking Before Running

What's next for this dynamic duo? Lizza and Julie plan to do externships through HBAS to get their feet wet before starting a job. They are also preparing for exams to become Certified Professional Billers and Coders. They are eager to find a specialty they are passionate about and give back to their community. With determination, focus and friendship, we know Lizza and Julie will achieve any goals they set their minds to.

PRINCIPAL'S MESSAGE

Steve Curiel, Principal

A Year of Growth and Success

Looking back at the 2023-24 school year, I can say without a doubt that it is one of the most successful school years for HBAS in over a decade. From an operational standpoint, we now have four well established and growing campuses. As a school our student enrollment has grown by 25% in just one year. With new programs and partnerships, this growth is just the beginning for HBAS. In addition to growth in enrollment, our staff has grown professionally through extensive and intensive professional development. Our students are succeeding at new levels not seen before. Our partner relationships have never been stronger and our student support services are engaging with students and staff at new levels.

I have witnessed all this with my own eyes, but I can admit that my eyes can be biased and maybe unable to see objectively. But when an unbiased, external group of observers takes a deep look at our school and sees all the same positive things, and more, and reports all this in an official accreditation report and gives the highest marks possible it is undeniable that HBAS is performing at the highest levels possible. And I know, without a doubt, that there are even more successes to come in 2024-25. You can count on that.

Sincerely, Steve Curiel, Principal, Huntington Beach Adult School

Cultivating a Sense of Community at HBAS

HBAS values relationships and is fortunate to be in a vital position to bridge our school and the community. One of our notable collaborations during the 2023-24 school year involved hosting the District English Language Advisory Committee (DELAC) in partnership with our district. This initiative supported our adult learners, empowering them to champion their children's education while nurturing an environment conducive to developing their own voices and actively participating.

Ashley Nguyen,
Counselor

HBAS is committed to equipping our adult learners with the opportunity to develop the skills and knowledge necessary to transition into the workforce, pursue further education, and engage with the community. We've organized events such as a Job and Resource Fair, which aimed to enrich the lives of our students and community by offering employment opportunities and access to essential resources. Additionally, we joined forces with our partners from Coastline, Golden West, and Orange Coast colleges to observe College and Career Appreciation Week. Representatives from each institution visited all HBAS sites to offer insights on Adult Secondary Education: Diploma/GED, Career Technical Education, and college dual-enrollment and transition opportunities. After College and Career Week, Coastline College hosted its inaugural Bridge Day post-pandemic, granting our students the invaluable experience of being on a college campus to explore programs and services. Finally, in May, we invited students and stakeholders to celebrate at the Student of the Year Awards/Cultural Diversity Day. These gatherings highlight the varied experiences of our staff and students and strengthen the community by allowing us to learn about different cultures, traditions, and perspectives, promoting empathy and understanding.

Looking ahead to the 2024-25 academic year, we're excited to continue our efforts in collaboration with partners like John Chiu, the HBUHSD Food and Nutrition Services Administrator and his team, along with Ocean View High School. Together, we'll kick off the school year with a special event celebrating Hispanic/Latino Heritage Month, featuring Celebrity Chef Johnathan Zaragoza. This event promises to be a vibrant celebration of culture and unity, reflecting our ongoing commitment to fostering inclusivity and embracing diversity at HBAS.

Office Clerk/Data Entry Clerk Certificate Program

Rather than performing a single specialized task, Office Clerks/Data Entry Clerks have responsibilities that often change daily with the needs of the specific job and the employer. Some clerks spend their days filing or keyboarding. Others enter data at a computer terminal. They also operate photocopiers, fax machines, and other office equipment; prepare mailings; proofread documents; and answer telephones and deliver messages. The specific duties assigned to a clerk vary significantly, depending on the type of office in which he or she works. The HBAS Career Training Center prepares Office Clerks/Data Entry Clerks to be prepared for just about any environment they might find themselves in. To receive program certification students must complete all classes within a two-year time frame. High School Diploma/GED required. Student must pass reading/math entrance exam.

CAREER TRAINING

Paraprofessional Certificate Program

Paraprofessionals are an integral part of both special education and the general education classroom. Certified paraprofessionals offer skills and contributions to the learning environment that make candidates highly valued and sought after in education. The topics in this course will prepare students for the exciting and rewarding field of special education.

Students will be introduced to the continuum of programs offered within the Huntington Beach Union High School District. Students will learn about special education law within the public school system—with a concentrated focus on IDEA and Individualized Education Programs (IEP's). After examining the macro effects, students will focus on the purpose of inclusion and the appropriate connections that a paraprofessional will have in the classroom. Teamwork, classroom teacher collaboration, and Level 1 ABA certification training will also be covered.

On the final day of class, students will be able to take the HBUHSD Paraprofessional Exam. Students who complete the 30 hour training will also receive a certificate of completion. In addition, the HBUHSD Classified Human Resources Department will be at the last class to speak about the application and hiring process. Many paraprofessional (teacher's aide) positions are open in the HBUHSD and surrounding school districts. This is a great time to start a new career while helping your local community.

Enrollment Confirmation

All online registrations receive automatic confirmations via email. HBAS does not usually send confirmations of enrollment in a class. If you would like confirmation to be sent to you, please include a self-addressed, stamped envelope with the registration form or include your email address and a request for confirmation.
